PROFESSIONAL & OWNER/BREEDER CONTINUING EDUCATION PROGRAMS

The Continuing Education Committee at the School has a problem . . . so many exciting events are planned for 1984 that there are not enough months in the year to schedule our programs!

Six professional programs have been arranged for the Fall of 1983. However, to allow the Continuing Education Office to concentrate its effort on two major conferences to be held during 1984, no other professional programs will be planned until January 1985.

Over 7,000 continuing education calendars were mailed to practitioners in the mid-Atlantic region during early August. While our first course with Dr. Anne Chiapella on Gastrointestinal Medicine has taken place, there is still time to register for five other courses (These are for Veterinarians only):

SURGICAL APPROACHES TO THE BONES & JOINTS OF DOGS

Laboratory and lecture with Dr. Charles Newton—October 27

continued on 16

Terry Frantz Miller, recipient of the 1983-84 Bide-A-Wee Home Association's Long-Sondheimer Scholarship.

Dr. Lawrence T. Glickman (left) of the University of Pennsylvania receives the Ralston Purina Small Animal Research Award from Dr. Paul F. Landis, President of the American Veterinary Medical Association. Dr. Glickman, Associate Professor of Epidemiology and Chief, Section of Epidemiology and Public Health in the Department of Clinical Studies, was recognized for his work in the area of epidemiology.

EVENTS

OCTOBER

27

OWNER/BREEDER PROGRAMS

Canine Symposium—Saturday January 28, 1984
Feline Symposium—Saturday March 24, 1984

PENN ANNUAL CONFERENCE

New Date: Thursday January 26 & Friday January 27, 1984

*New Location: Franklin Plaza Hotel
Center City Philadelphia*

Due to the increasing number of practitioners and exhibitors attending the Penn Annual Conference, we have moved to larger quarters. Last year over 400 veterinarians and sixty exhibitors helped make the

conference a success. We have arranged for fantastic rooms rates at the Franklin Plaza (better than last year's rate) and a program with some new formats. The Conference brochure will be mailed in November—watch for your copy.

1984 SCIENTIFIC CONFERENCE

The piece de resistance of the 1984 Continuing Education calendar will be a three-day Scientific Conference held on October 15, 16, and 17 at the Bellevue Stratford Hotel in Center City Philadelphia. The Pennsylvania Veterinary Medical Association has deferred its Annual Meeting in order to help the School celebrate its 100th anniversary.

Twenty-five of this country's most respected and knowledgeable individuals will be brought together for this Conference. A partial listing includes: Drs. Charles Capen, Susan Cotter, Stephen Ettinger, Ollie Ginther, Peter Ihrke, Shirley Johnson, Doug Leach, Reuben Mapletoft, Joe Morgan, Neils Pedersen, Donald Piermattei, Otto Radostits, John Reif, Glenn Severin, Donald Walker and Wayne Wingfield.

An exciting and informative spouse program is planned. Professional tour guides will personally escort our guests through historic Philadelphia and many other points of interest in the surrounding area.

On behalf of the administration, students, faculty and staff, we would like to thank our many friends and alumni for their continued support of the Continuing Education program. Your input and comments are important in keeping the program updated and interesting.

If you have any questions or comments, please contact: Ashra Markowitz, Coordinator of Continuing Education at (215) 898-1882.

RESOURCE UPDATE—VHUP

Orthopedics: The clinic days have been changed to Wednesdays and Fridays.

Exotics: The clinic days have been changed to Mondays and Wednesdays.

Inherited Eye Diseases Studies Unit Clinic: Tuesdays

Appointments for these clinics as well as for all the other clinics at VHUP can be made by calling (215) 898-4680.

Scheduled tours of VHUP have been discontinued for the time being.
